

Hummerston Engineering Ltd

Quality Policy

At Hummerston Engineering, we are committed to delivering construction projects that consistently meet or exceed our clients' expectations, while complying with applicable legal and regulatory requirements. Our dedication to quality is underpinned by the principles of ISO 9001:2015.

Through information and training on our management system procedures, all employees have the competence to carry out their roles to the highest standard.

We are continuously working to improve the quality of the services we offer by:

- Regularly reviewing and enhancing our processes, services, and the effectiveness of our quality management system.
- Establishing and reviewing objectives regularly, focusing on key performance indicators to drive continual improvement.
- Encouraging employee involvement, competence development, and continuous improvement. Our employees are crucial to the success of our quality management system.
- Actively managing our relationships with suppliers, subcontractors, and other relevant parties to enhance our ability to create value.

This policy is available to all employees, contractors and interested parties. It is also explained to all employees and anyone who is working on our behalf before commencement of work.

This policy will be reviewed annually or as needed to ensure ongoing compliance with relevant legislation. Any changes to this policy will be communicated to all employees and relevant parties.

Chris McClinton
Managing Director, Hummerston Engineering Ltd
