

ENVIRONMENTAL POLICY STATEMENT

Hummerston Engineering is committed to fulfilling our compliance obligations with all applicable environmental legislation, ISO 14001:2015, other associated standards and Approved Codes of Practice. This applies to all those who are employed within the company or who are protected by its undertakings.

It is our policy to:

- Obtain services, equipment and power from providers who are committed to environmental protection.
- Aim to reduce pollution and actively pursue reduction in the use of substances, processes and procedures that adversely affect the environment.
- Consult with employees, subcontractors and customers on any matter that may affect them related to environmental control.
- Continually improve the company's environmental performance by setting annual targets and reviewing our objectives and measure the progress.
- Carry out an annual review and update of this policy and other environmental control systems employed by the firm.
- Ensuring our teams are asked to co-operate in the operation of this policy and make a positive contribution to environmental protection by making themselves aware of the firm's environmental policy and complying with the control measures in place.

We are fully committed to:

- Reduce the level of energy consumption, obtaining utility and hardware supplies from environmentally friendly organisations and those who use renewable energy sources.
- Recycling equipment, waste products, redundant items and reducing the consumption of consumables.
- Use, store, control and disposal of hazardous materials in line with best environmental practices.

This policy is available to all employees, contractors and interested parties. It is also explained to all employees and anyone who is working on our behalf before commencement of work.

Chris McClinton
Managing Director, Hummerston Engineering Ltd
